---

### SPECIAL ISSUES

March: Pediatric Otolaryngology — I  
 April: Pediatric Otolaryngology — II  
 June: The Facial Nerve — I  
 July: The Facial Nerve — II

---

---

### TITLE INDEX

**Acute Epiglottitis in Adults.** Nicholas D. Procino, D.M.D., M.D., Jan., p. 58/30.

**Allergic Diseases of the Nose and Middle Ear in Children.** D. Lee Miller, M.D., and Gilbert A. Friday, M.D., March, p. 27/100.

**Anatomic and Physiologic Aspects of Sword Swallowing.** Baldev K. Devgan, M.D., Charles W. Gross, M.D., Randolph M. McCloy, M.D., and Chapman Smith, M.D., Oct., p. 60/445.

**The Anatomy and Development of the Facial Nerve.** Branislav Vidić, S.D., June, p. 8/236.

**The Anesthesiologist and the Rhinologist — A Team.** G. H. Drumheller, M.D., May, p. 79/230.

**Antral Lavage in Children.** A. L. Pahor, M.B., B.Ch., D.L.O., D.M.Sc. (Path.), Oct., p. 68/451.

**Aspergillosis of the Maxillary Sinus.** Leon L. Titche, M.D., Sept., p. 62/398.

**Aspergillosis of the Paranasal Sinuses.** Stephan J. Smolansky, M.D., Aug., p. 6/320.

**An Atypical Case of Treacher Collins Syndrome.** Constantine E. Iliades, M.D., Nov., p. 28/486.

**Bell's Palsy.** J. Gordon Vap, Lt. Cdr./M.C., U.S.N.R., July, p. 14/284.

**Bilateral Metastatic Tonsillar Disease Due to Renal-Cell Carcinoma.** Dennis Draizin, M.D., Kenneth Matucci, M.D., and Samuel Rothman, M.D., Nov., p. 14/477.

**Bilateral Rhinolithiasis.** Antoine C. Chaker, M.D., Gerhart S. Schwarz, M.D., and Gregory L. Kole, M.D., Feb., p. 15/50.

**Brain Hernia: A Postoperative Complication in Otology.** Constantine E. Iliades, M.D., Jan., p. 39/19.

**Calcifying Epithelial Odontogenic Tumor.** Sushila Khanna, M.D., N. N. Khanna, M.S., M.A.M.S., and A. B. Srivastava, M.D.S., Sept., p. 59/395.

**Carcinoma of a Vocal Cord and Sinus of Morgagni.** M. Persico, MD., L. Podoshin, M.D., and M. Fradis, M.D., Feb., p. 41/63.

**Chronic Otitis Media in Children.** Herman Felder, M.D., March, p. 12/91.

**Bilateral Metastatic Tonsillar Disease Due to Renal-Cell Carcinoma.** Dennis Draizin, M.D., Kenneth Matucci, M.D., and Samuel Rothman, M.D., Nov., p. 14/477.

**Bilateral Rhinolithiasis.** Antoine C. Chaker, M.D., Gerhart S. Schwarz, M.D., and Gregory L. Kole, M.D., Feb., p. 15/50.

**Brain Hernia: A Postoperative Complication in Otology.** Constantine E. Iliades, M.D., Jan., p. 39/19.

**Calcifying Epithelial Odontogenic Tumor.** Sushila Khanna, M.D., N. N. Khanna, M.S., M.A.M.S., and A. B. Srivastava, M.D.S., Sept., p. 59/395.

**Carcinoma of a Vocal Cord and Sinus of Morgagni.** M. Persico, MD., L. Podoshin, M.D., and M. Fradis, M.D., Feb., p. 41/63.

**Chronic Otitis Media in Children.** Herman Felder, M.D., March, p. 12/91.

**Control of Hemorrhage in Glomus Tympanicum Surgery.** Philip R. Morgan, M.D., Clifford Q. Johnson, M.D., and Winsor V. Morrison, M.D., Oct., p. 86/465.

**Cranial Manifestations of Mesodermal Dysplasia in Neurofibromatosis.** P. L. Bhatia, M.S., O. P. Gupta, M.S., S. K. Gupta, M.S., and M. L. Mehrotra, M.D., Feb., p. 76/83.

**Cranial Nerve Dysfunction as a Primary Manifestation of Guillain-Barré Syndrome.** Arthur Cohn, M.D., and Steven Silver, M.D., Feb., p. 10/47.

**The Differential Loudness Summation Test.** Herbert A. Cox, C.C.C.-A., and Martin J. Adelman, M.D., Jan., p. 66/35.

**Double-Blind Study of a Topical Antibiotic Solution Versus Placebo in the Treatment of Acute Otitis Externa.** Robert Freedman, M.D., May, p. 28/198.

**Endoscopic Removal of a Razor Blade Impacted in the Esophagus.** Moshe Goldsher, M.D., Haran Peleg, M.D., and Isaack Eliachar, M.D., Jan., p. 24/11.

**Enlarged Internal Auditory Canals: Case Report and Review.** Gregory J. Lauten, M.D., and Thomas F. Neal, M.D., Dec., p. 50/549.

**Esophageal Hemangioma.** Craig A. Foster, M.D., D.D.S., Earl G. Yonehiro, M.D., Ph.D., and Robert B. Benjamin, M.D., Oct., p. 73/455.

**Evaluation of Tympanic Neurectomy and Chorda Tympanectomy for Gustatory Sweating and Benign Salivary Gland Disease.** Simon C. Parisier, M.D., William J. Binder, M.D., Andrew Blitzer, M.D., William H. Friedman, M.D., and William F. Marovitz, Ph.D., May, p. 51/213.

**The Extratemporal Facial Nerve.** Alan D. Kornblut, Cdr./M.C., U.S.N.R., and Michael B. Nolph, Lt./M.C., U.S.N.R., June, p. 61/267.

**The Eyelid Flap.** Albert A. Clairmont, M.D., and John J. Conley, M.D., Jan., p. 18/8.

**The Facial Nerve: Introduction.** Alan D. Kornblut, Cdr./M.C., U.S.N.R., June, p. 7/235.

**Facial Paralysis in Children.** J. Patterson Browder, M.D., July, p. 6/278.

**Familial Lymphoma.** M. Fradis, M.D., L. Podoshin, M.D., and D. Zismann, M.D., July, p. 60/310.

**Hemangioma of the Maxillary Sinus.** Stewart Dale Fordham, M.D., Aug., p. 35/333.

**Immediate Open Reduction of Nasal Septal Injuries.** G. Richard Holt, Maj./M.C., Aug., p. 54/345.

**Incomplete Descent of the Thyroid.** Irving L. White, M.D., Boris Catz, M.D., and Davis L. Bronson, M.D., Dec., p. 11/528.

**Indirect Laryngoscopy and Nasopharyngoscopy.** Murray Grossan, M.D., Oct., p. 28/430.

**Inner-Ear Involvement in Primary Glaucoma.** R. R. S. Seth, M.D., and D. Dayal, M.D., Aug., p. 66/355.

**Intranasal Heterotopic Brain.** Richard E. Goodwin, M.D., Dec., p. 34/538.

**The Infratemporal Facial Nerve.** John Copner Webster, M.D., June, p. 34/251.

**Kartagener's Syndrome.** V. N. Chaturvedi, M.S., and P. Chaturvedi, M.D., Feb., p. 50/67.

**Laryngeal Rehabilitation: A Historical Perspective.** Frank I. Marlowe, M.D., Sept., p. 8/366.

**Leukemic Manifestations in the Upper Respiratory Tract.** P. L. Bhatia, M.S., H. C. Samant, M.S., M. K. Hussain, M.S., V. P. Singh, M.S., and M. L. Mehrotra, M.D., April, p. 81/173.

**Lymphosarcoma of the Maxilla.** V. N. Chaturvedi, M.S., A. N. Chauhan, M. S., K. V. Moghe, M.D., and G. S. Gehlot, M.D., Nov., p. 20/481.

**Lymphosarcoma Presenting as a Parotid Mass.** Jack A. Roth, M.D., Lionel Zuckerbraun, M.D., and David Cohn, M.D., Oct., p. 35/434.

**A Method for Preparing Middle-Ear Ventilation Tubes in Office Practice.** L. Podoshin, M.D., and M. Fradis, M.D., Oct., p. 22/427.

**Middle-Ear Effusions in Patients With Velopatatal Insufficiency.** Victor Passy, M.D., Nov., p. 36/490.

**Myxoma of the Nasopharynx.** S. N. Sinha, M.S., D.L.O., V. S. Rajvanshi, M.D., M.R.C. Path., and A. Shukla, M.B.B.S., Sept., p. 36/381.

**Nasal Defects in Identical Twins.** Frank S. DiMauro, M.D., May, p. 74/226.

**Nasal Problems in Children.** Kenneth H. Hinderer, M.D., March, p. 58/116.

*continued*

**Neck Masses In Children: Diagnosis and Treatment.** Mark May, M.D., April, p. 12/136.

**A New Myringotomy Knife for Insertion of Ventilating Tubes.** James L. Rea, M.D., Jerry M. Templer, M.D., and William E. Davis, M.D., July, p. 50/303.

**Oral Pharmacopathology.** Angelo M. DelBalso, Lt. Cdr./M.C., U.S.N.R., and William Carpenter, Lt. Col./M.C., U.S.N.R., Aug., p. 16/324.

**Ossifying Fibroma.** Siraj M. Zakzouk, M.D., Abdulhalim Badr, M.D., and A. Hafiz, M.D., Jan., p. 51/27.

**Otolaryngologic Sequelae of Radiation Therapy.** Gerard L. Kupperman, Ph.D., Harvey Kleiner, M.D., Donald LeRoy Stageman, M.D., and Dean Martinelli, M.D., Nov., p. 74/510.

**The Otomandibular Syndrome: Diagnosis.** Harold Arlen, M.D., Dec., p. 56/553.

**Pediatric Otolaryngology: Introduction.** Herman Felder, M.D., March, p. 8/90.

**Peritonsillar Abscess: A Prospective Study of Pathogens, Treatment, and Morbidity.** Stephen P. Muller, Lt. Col./M.C., U.S.A.F., Oct., p. 46/439.

**Peritonsillar Abscess in Chronic Lymphocytic Leukemia.** Marie A. Di Pasquale, M.D., and Ned M. Di Pasquale, M.D., Sept., p. 55/393.

**Personal Filing Systems Revisited.** Patrick J. Fawcett, Sept., p. 82/410.

**Phylogeny of the Temporal Bone and Temporomandibular Joint.** Milton R. Hirshstein, M.D., Dec., p. 42/543.

**The Posterior Tympanic Recess.** V. P. Sood, M.D., and S. K. Kacker, M.D., Sept., p. 20/372.

**Postintubation Glottic Stenosis.** L. Podoshin, M.D., R. Gertner, M.D., and M. Fradis, M.D., Jan., p. 46/24.

**Pott's Puffy Tumor in a Seven-Year-Old Boy.** Nicholas D. Procino, D.M.D., M.D., Nov., p. 84/516.

**Predicting Recurrence in Mandibular and Maxillary Ameloblastoma.** Sushila Khanna, M.D., and N. N. Khanna, M.S., Feb., p. 28/56.

**Presbycusis in the Context of Other Aging Processes.** P. L. Bhatia, M.S., H. S. Samant, M.D., O. P. Gupta, M.S., S. K. Mishr, M.D., and K. D. Patidar, D.L.O., Oct., p. 79/460.

**Primary Carcinoma of the Frontal Sinus.** V. N. Chaturvedi, M.S., A. N. Chauhan, M.S., Dilip Gode, M.B.B.S., and K. V. Moghe, Aug., p. 47/340.

**Primary Closure of the Simple Mastoidectomy Cavity.** Emmett E. Campbell, M.D., Jan., p. 11/5.

**Primary Tuberculosis of the Larynx.** S. N. Sinha, M.S., and V. K. Dewan, M.S., Jan., p. 31/15.

**A Procedure for Adenoidectomy.** George S. Richardson, M.D., Sept., p. 42/384.

**Recurrent Middle-Ear Effusions in Nonallergic Patients After Adenoidectomy.** A. S. Lalani, M.D., Sept., p. 68/402.

**A Re-evaluation of Antimicrobial Therapy.** William Chew, M.D., Feb., p. 58/71.

**Rehabilitation of the Face After Facial-Nerve Paralysis.** James A. Ewing, M.D., and James N. Endicott, M.D., July, p. 21/288.

**Rehabilitation of the Hearing-Impaired Child.** Charlotte B. Avery, April, p. 71/167.

**The Role of the Physician in Clinic Dispensing.** H. A. Ted Bailey, Jr., M.D., and Michael E. Winston, Ph.D., Nov., p. 51/500.

**Schwannoma of the Cervical Sympathetic Nerve.** Albert A. Clairmont, M.D., and John J. Conley, M.D., Aug., p. 42/336.

**Some Ear Trumpets of the 1700s and 1800s.** Kenneth W. Berger, Ph.D., Sept., p. 48/387.

**Spindle-Cell Carcinoma of the Laryngopharynx.** Aristides Sismanis, M.D., Ira A. Polisar, M.D., Vladimir Santos, M.D., and Roosevelt Torno, M.D., Dec., p. 23/533.

**Suction-Inserted Ventilating Tube.** James Lee Rea, M.D., Jerry W. Templer, M.D., and William E. Davis, M.D., Nov., p. 43/496.

**Surgical Control of Chronic Aspiration.** Carter C. Friess, Lt. Cdr./M.C., U.S.N.R., May, p. 13/191.

**A Technique for Removing an Impacted Postnasal Pack.** Bernard Weston, M.D., Aug., p. 74/360.

**Tests of Facial-Nerve Function.** B. A. Hartwig, Lt./M.C., U.S.N.R., and W. L. Brannon, Capt./M.C., U.S.N.R., June, p. 22/242.

**Tinnitus: Classification and Acoustics.** P. Ghosh, M.S., D.L.O., Nov., p. 63/504.

**Tracheal Adenomas.** E. Helidonis, M.D., G. Dokianakis, M.D., G. Papazoglou, M.D., and P. Pantazopoulos, M.D., Oct., p. 15/423.

**Tracheotomy in Pediatric Airway Management.** Gavin S. Douglas, M.D., Dorothy Hoskins, B.S.N., and Sylvan E. Stool, M.D., April, p. 55/159.

**Traumatic Peripheral Facial Palsy.** Louis F. Scaramella, M.D., Neil Pollock, M.D., and Abdul Dowlatshahi, M.D., Sept., p. 25/376.

**Treatment of Posterior Epistaxis.** Nicholas D. Procino, D.M.D., M.D., July, p. 54/305.

**Tympanic Membrane Epidermoid Following Head Injury.** A. L. Pahor, M.B., B.Ch., D.L.O., D.M.Sc. (Path.), Aug., p. 30/330.

**An Unusual Tracheotomy Complication: A Skin-Lined Tube.** Sheldon Cohen, M.D., John R. Williams, M.D., and James A. Moore, M.D., May, p. 7/187.

**Vertigo in Children.** Sidney N. Busis, M.D., March, p. 20/95.

**Warthin'sTumor: A Rare Case of a Neck Mass.** Steven Handler, M.D., and Robert H. Miller, M.D., May, p. 38/205.

**Why Physicians May Regret a Decision to Dispense Hearing Aids.** Lindsay L. Pratt, M.D., May, p. 45/209.
